CAASTLC's Resources for Hope Step Up to Leadership

Step Up to Leadership Program helps low-income people develop leadership skills and turn their civic passions into action. Step Up to Leadership is a 12-week program developed by a partnership with Human Development Corporation, Central Missouri Counties Human Development Corporation, CAASTLC Inc., University of Missouri Extension, and Missouri Association for Community Action. Call Janice McKinney at 314-863-0015, ext. 429 or email her at Janice@caastic.org.

A Poverty Simulation is a unique opportunity to help the community understand what life is like with shortage of money and an abundance of stress. There are thousands of people in St. Louis County who face poverty every day. Using a simulation kit, participants role-play in the lives of low-income families. In the simulation, 40 to 100 participants assume the role of up to 26 different families facing poverty. Some families are newly unemployed senior citizens receiving social security or grandparents raising their grandchildren. The task of the families is to provide for basic necessities and shelter during the course of four 15 minute weeks. To find out more about our services and how you may utilize them, please contact Janice McKinney 314-863-0015, ext. #429 or Janice@caastic.org.

Credit Counseling

We are a HUD Certified credit-counseling agency and seek to assist potential homeowners who want to learn to save and budget for a home while developing or correcting credit issues that would prevent them from being able to qualify for a mortgage loan. We work very hard to help clients qualify for mortgage loans that fit within their budget and are designed to help maintain and succeed with asset development. We teach individuals about the pitfalls of subprime lending and work with lenders who offer products to assist low-income families succeed in meeting their goals. We also provide credit counseling to help individuals meet all of their needs by teaching them to better manage a budget and develop long term goals of saving and investing. To find out more about our services and how you may utilize them, please contact: Janice McKinney 314-863-0015, ext. #429 or Janice@caastic.org.

Energy Conservation Classes

We are involved in another energy crisis in this country with the cost of natural gas and electricity constantly rising, with no end in sight. What seems to have been forgotten is that we do have options. It is absolutely necessary that we take the whole house, whole family, the whole community approach to using our energy resources wisely and efficiently. Through our Outreach and Education Program
CAASTLC, we provide the opportunity for clients and other agencies to participate in Energy Conservation Classes and Forums. Information received from these classes can result in from 10 to 30% savings on the average utility bill. When used in conjunction with the other forms of Energy Assistance such as LIHEAP (EA/ECIP), Weatherization, and Energy Conservation, the need for families to return to CAASTLC for monetary support could significantly be reduced.
